

Rubber Tridimensional Traffic Cone

Model: DH-LZ-8

Height	70.00cm / 27.56''
Base Width	42.00cm / 16.54''
Height Of Reflective Sheet	40.00cm / 15.75''
Weight	3.60kg / 7.94lbs

Features of Rubber cones:

- 100% Rubber flow-molded "one piece design" means no seams to split or tear, as well as easier stacking.
- Brilliant fluorescent red/orange with UV inhibitors on both the surface and inner layer.
- Superior flexibility in heat and cold - bounces back from an impact.
- Wide body design ensures stability.
- Highly reflective positioned sleeve.
